

Coffee tins

Coffee, tea & cocoa products that will keep the aroma inside!

Why choose tin packaging for coffee?

- perfect aroma protection in 360°
- mono-material recyclable packaging
- keeps the product completely dry
- direct decoration
- durability
- hygienically clean product protection
- can be reused and refilled

We manufacture tinplate packaging for renowned coffee, tea and cocoa products. Some examples are coffee tins (from 250 grams to 5 kilogram), cocoa powder tin with sealing foil or airtight cans for the vacuum preservation of coffee and tea. We create a design you will love, and a quality you can trust.
